EPA's Lead Renovation, Repair and Painting Rule (RRP Rule) requires that firms performing renovation, repair, and painting projects that disturb **lead-based paint in homes, child care facilities and pre-schools built before 1978** have their firm certified by EPA (or an EPA authorized state), use certified renovators who are trained by EPA-approved training providers and follow specific lead-safe work practices to prevent lead contamination. This includes in-house maintenance staff and many types of outside contractors.
